TAP
ROOM 603
147 W. 42 ST.
NEW YORK 10036

HELP IS A CLICK AWAY
TAP MEMBER

having TAP boxed up in my living room halls and foyer for the couple of weeks it took until we found an office to rent for TAP. The office is strictly a production center, and is not staffed for visits. We'll be moving in on the 15th, and we did it in the end. In addition, many informal gatherings at Eddie's Restaurant in Greenwich Village by our gathering have been a welcome relief.

Let's talk for a moment about what changes in this publication have been made. The mailing label. Most of our readers send TAP send to them in a #10 envelope. That is the way we like it and are going to continue to send it. Those of you with subscriptions in a plain envelope. The question mark following the last issue number on your label. They will be printed in an envelope with only the street address showing. Please don't write us about newsletter. The ISSN is something that libraries use to keep track of publications. It is required that the publication have a number. Many of our prisoners need to have newsletters, magazines, and publications sent directly from a publisher. Request a gift in for Thanksgiving or Christmas. Many of our readers write us asking for back issues. Back issues are available for a dollar each. Just write and ask where their issues are. If a return address is not given we have no way of knowing where to send it. Ask for the list, and make sure to include a self addressed stamped envelope. Postage. This is another problem area. We have been using 20¢ postage for the last few issues. Many people write, well think about changing the rate. Well, I think that is the most reasonable rate we can charge. Subscriptions will cost 8 apiece for 12 issues. Single issues will cost $1.
